# *Helping people enjoy their passion for over 50 years*

At Indespension we know that time spent enjoying your boat is precious; we look forward to that Friday feeling too. With an Indespension trailer, your craft is in safe hands. Our ground breaking designs take the hassle out of launch and recovery, freeing you to enjoy more time on the water.

We have 50 years of experience behind us and with an Indespension trailer behind your car we are happy to share that with you - you know you can rely on the quality of our trailers; designed and manufactured in Britain, and built to last so that you can enjoy your passion for many years to come.

Indespension  
trailers are  
manufactured  
in the UK and  
represent the  
very best in  
trailer design

# ***indespension***

## ***The leading edge of innovation for marine trailers***

### **THE FIRST**

UK manufacturer to introduce roller loading to boat trailers -  
a system we've perfected over 30 years

### **THE BEST**

technical support throughout our branch network across  
UK and Ireland

### **THE ONLY**

major manufacturer to use rubber rollers with polymer bushes -  
kinder to your hull

**HEAVY DUTY JOCKEY WHEEL**

**STEP WITH LED FRONT LIGHT & MARKER**

**FRESH WATER FLUSHING KIT**

**BEARING SAVERS AND SUPERSEAL**  
Standard on braked trailers

**SOLID RUBBER ROLLERS**

**FLEXIBLE ALUMINIUM ROLLER BARS**

**FULLY ADJUSTABLE ROLLERS  
AXLE AND WINCH POST SYSTEM**

**TWO SPEED BRAKED WINCH**

# Entrust your boat to nothing but the best

When you choose an Indespension trailer you know you are getting the very best of quality craftsmanship and British design.

You'll find our features invaluable, from the fully adjustable swing beam which enables launch and recovery without submersing the trailer, to the integrated LED lighting in our side steps and not forgetting market-leading levels of adjustability.

Bearing savers are fitted as standard to our braked trailers in conjunction with a high performance PTFE/graphite superseal. The bearing saver provides continually pressurised grease insuring optimum lubrication. As soon as you experience an Indespension trailer for yourself you'll realise the difference design innovation can make. We design with you in mind, making your towing experience easier and more enjoyable.

## AL-KO premium Optima axle

Premium **AL-KO** waterproof axle

The AL-KO premium Optima axle is fitted to our unbraked trailer range including the Coaster, Mini, Micro and Nano trailers. This axle features sealed, maintenance free bearings with high grade labyrinth waterproof seals. AL-KO guarantees the bearing will remain waterproof for five years.\*

\*Terms apply

# Signs of quality as standard

All Indespension Marine Trailers come with market leading specification. Look for the following features as standard.

Submersible LED marker lights

2 speed braked winch

Bearing saver and super seals

Premium LED lightboard

Solid rubber rollers

Ribbed heavy duty jockey wheel

Heavy duty jockey wheel

Unbraked winch

# Coaster

The Indespension unbraked Coaster range makes moving smaller craft plain sailing with self aligning rollers or adjustable bunks. Starting with the Coaster Nano designed as an entry level jet ski trailer, moving onto the Coaster Micro and Micro Swing through to the wider chassis Coaster and Coaster Swing.

The Coaster Swing range introduces the famous Indespension 'Easy Launch and Recovery System', saving you both time and effort.

## Customise your marine trailer with a wide range of accessories

We have a wide range of trailer accessories to help you move your boat. We offer spare wheel carriers, wheel clamps, brake flushing kits and much more.

### Stay on the right side of the law; have your trailer regularly checked

To keep your trailer in tip-top condition, increase its lifespan and residual value, we recommend that you arrange a trailer service every 6 months or 6000 miles. Our full trailer services are great value and will keep your trailer legal.
